

## Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a

# PRINCE ALBERT

the national joy smoke

regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin' cigarette with Prince Albert for "packing"!

R. J. REYNOLDS TOBACCO CO.  
Winston-Salem, N. C.

This is the reverse side of the red tin

THE Prince Albert tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read: "Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in toppy red bags, 5c; tidy red tins, 10c; handsome round and half-pound tin humidor and in that clever crystal-glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

### ABLEST MEN OF THE DAY.

The newspapers view the railroads as wonderful proofs of the highest type of efficiency and ability. The biggest work of an age always attracts to itself the biggest men of the age. When the great work of the world was painting, in the days of the Medici, the greatest men in the world were painters. Michael Angelo was the greatest engineer, the greatest architect, the greatest sculptor, of his day, and probably in every other way the greatest man. Leonardo da Vinci was the greatest military engineer, the greatest road and fort builder; with the power of two Jeffries, he could take an iron bar and bend it in his hands. The greatest minds go in the greatest directions. Railroad building, industrial building, is the great work of today. And the men who would have been naval heroes in the days of Elizabeth, and explorers in the days of La Salle, and

painters in the days of Michael Angelo, are railroad men today.—Arthur Brisbane.

### HOUSTONIANS OFF SUNDAY FOR TRAINING CAMP.

Final arrangements were made at the Business Men's Training Camp luncheon, on the Rice Hotel roof garden yesterday, for the transportation of the 29 Houston business men to the camp at Fort Sam Houston. Lieutenant E. K. Sterling instructed the party to immediately go to field headquarters on arrival at San Antonio, and also advised on the kind of wearing apparel for the occasion. The party will leave Sunday night, June 11, at 11:30 o'clock via the Southern Pacific.—Houston Chronicle.

Professor—"If a physician is called to see a patient, what is the first question he should ask?" Student—"Where he lives!"—Judge.

### FORTY MILLION DOLLARS FOR LEGAL BATTLES.

The latest federal census reports show that we have 4577 lawyers in Texas. We have one lawyer for every 850 population in Texas. The average in the United States is one lawyer to 850 population. We have almost three times as many lawyers as bankers. We have an average of 18 lawyers to every court house in the State. We have more lawyers than peace officers. We have no government records available on legal expenditure, but it is safe to estimate that we spend annually approximately \$40,000,000 in legal controversies in Texas. This vast expense, directly or indirectly reaches the backs of those who toil. It is equal to 20 per cent of the value of the cotton crop of this state. When the farmer markets his cotton he must stop at the court house and unload one bale out of every five and divide it between the lawyers, judges, witnesses, juries, etc.—J. S. Cullinan.

### ACREAGE AND YIELD OF COTTON IN 1915.

Washington, June 7.—The Bureau of crop estimates, United States Department of Agriculture, has made a revision of its preliminary estimates of cotton acreage last year (1915) based upon results of a special investigation and the report of the Bureau of the Census of the quantity of cotton ginned in the past season. The revision indicates that the area planted to cotton (in cultivation at the end of June, 1915) was about 32,107,000 acres, instead of 31,535,000 as reported last July. The revised estimate will be used by the Bureau of Crop Estimates as a basis in making its cotton acreage estimates this year. The yield of cotton per acre in 1915 is estimated at 170.3 pounds, as compared with 20.92 pounds in 1914, 182 pounds in 1913, 190.9 pounds in 1912, 207.7 pounds in 1911, 170.7 pounds in 1910, and 154.5 pounds in 1909. The area picked in 1915 was about 31,412,000 acres.

### STORM VICTIM LIST IS GROWING

Reports Show That Many Are Killed in Storm That Swept States.

(By Associated Press.) Kansas City, June 7.—Additional reports from the communities which have been isolated since Monday's storm are expected today to increase the death list above a hundred and fifty. The detailed report says that one hundred and twenty-six have been killed in Arkansas, Missouri, Mississippi, Tennessee and Illinois, with a large number missing.

### AMUSEMENTS.

An extra good bill at the Dixie tonight, with a swell three-act Knickerbocker feature, "Shadows," with the famous and handsome Frank Mayo, assisted by beautiful Lillian West. A dandy good Sis Hopkins farce comedy and a beautiful Biograph drama, "One Hundred Dollars." The feature for the Queen tonight is positively the cutest picture ever shown on a motion picture screen. It is guaranteed to please everybody. Money refunded to those who do not enjoy this picture, with little Marguerite Clark playing a double part as the poor little Beggar boy and at the same time the part of the prince. Special music will be played for "The Prince and the Pauper" tonight. It is truly the most fascinating feature of the season. Tomorrow the great Paramount feature presents Constance Collier in "The Code of Marcella Gray." Every woman should see this production.

### OPPOSITION TO COTTON INSURANCE SCHEDULE.

Austin, Texas, June 7.—Considerable opposition has developed to the new tentative cotton schedule of insurance rates as proposed by the State Fire Insurance Commission, this opposition coming chiefly from cotton compress men over the State. When this tentative schedule was issued the commission sent copies to all insurance companies and compress operators and others interested, for any recommendation that may be made. Since then delegates of compress men have been here protesting against the schedule which, it is claimed, greatly increases rates on cotton.

Intellect seems to have very little to do with happy sex.

### Classified Column

#### FOR SALE.

FOR SALE—Extra fine young Jersey cow, fresh in milk. See S. I. Dowling, Bryan, Route 4.

#### FOR RENT.

FOR RENT—Five-room house, close to graded school. Phone 314.

FOR RENT—Two unfurnished rooms for light housekeeping; close in; one block from car line. Phone 554.

## AXE MAN VISITS A BANKERS HOME

Two Deaths Will Be Result of Murderer Who Deals Death Blows at Wills Point.

(By Associated Press.) Wills Point, Texas, June 7.—Mrs. H. T. Goodnight, 70 years old, wife of the president of the Van Zandt National Bank, was killed and her husband was fatally injured and their daughter, Mrs. R. J. Morau was beaten into insensibility by a person who used either a large hammer or an axe in their home early this morning. It is said that Mrs. Morau will recover but it is only a question of a few hours before the death of Mr. Goodnight. This will make the crime a double murder. There is no motive and no clues.

#### TO THE PUBLIC.

The following voluntary private letter explains itself. E. R. Williams. "I can truly wish you success as being the best qualified man in the race, and hereby give you liberty to use this statement among any whom you consider my friends.

"Your ripe scholarship was an inspiration to me, and I think you could be of much help to the teachers under your care. Yours sincerely,  
"C. C. SCOTT."

University of Texas,  
June 1, 1916.

#### HERE'S PROOF.

A Bryan Citizen Tells of His Experience.

You have a right to doubt statements of people living far away, but can you doubt Bryan indorsement?

Read it: A. B. Shelburne, public weigher, Red Top street, Bryan, says: "Some time ago my kidneys got out of fix and I suffered severely from backache. I was so sore and stiff, I couldn't bend. The kidney secretions passed very irregularly, at times being too frequent, then again scanty and highly colored, containing sediment. Two boxes of Doan's Kidney Pills put my back and kidneys in good order."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Shelburne had. Foster-Milburn Co., Props., Buffalo, N. Y.
